

ARROWHEAD DAY CAMP

Where are the Clothes I Sent to Camp?

All bunks use the Stay at Camp Bag method of clothing storage.

This is what we do:

1. Children bring their laundry bag to camp with their bathing suits, towels, extra set of clothing, sweatshirt, jeans, etc.
2. Green Laundry Bag should have Stay at Camp Bag already organized inside Laundry Bag.
3. The counselor will organize the 2 bags.
4. The Stay at Camp Bag will be stored on a separate hook in the bunk out of the camper's reach.

The clothing is kept this way so that the children have less items to deal with on a daily basis. Usually, the kids use only their bathing suits and towels. If the occasion should arise that they need their extra clothing, the counselor is able to locate it immediately and give your child what they need. We will send the dirty clothes home with their laundry bag on Friday. For you, this means less laundry. The only things that should come home for washing each week are bathing suits and towels. At the end of the summer, you should get all of your children's clothing returned in their laundry bag.

So to answer the question; "Where are the clothes I sent to camp?" The clothes are safely stored in a brown paper bag in their bunk!

Lost & Found Procedures

Every camp day after the kids depart we begin our daily cleanup procedure which includes picking up and identifying any and all belongings that are not in their proper place. If the item is clearly labeled we distribute these items to the identified camper during our morning lineup!!! Please label all clothes to make this process easier for you and your child.

Equipment

ARROWHEAD will provide all necessary equipment (bats, balls, tennis rackets, etc.) for a typical day at camp. The only exception would be baseball gloves - these should be **clearly** labeled.

All wet clothing (bathing suits & towels) will be hung up to dry on our dozens of clotheslines nightly and collected each morning.

All clothing should be sent to camp in the ARROWHEAD green laundry bag and plastic Stay at Camp bag, both to be given to you by your child's driver before camp begins. **BE SURE TO PRINT THE CAMPER'S NAME ON THE BAG.**

The laundry bag clothing will remain in your child's individual locker (cubbie) at camp. Any dirty clothes (including bathing suits and towels) will be sent home each Friday. Clean replacements are to be sent back to camp on the following Monday. Please discourage kids from bringing backpacks as they are not necessary and are easily misplaced. The Stay at Camp bag will remain at camp until your child's last day.

We recommend **not** bringing anything of value to camp, (backpacks, jewelry, money, cell phones, AirPods, etc.) as they are easily misplaced, lost broken or unfortunately stolen (**camp is not responsible**).

In our never-ending effort to limit lost or misplaced items, we strongly recommend having all items coming to camp properly labeled with name tapes or other permanent markings or identifications. Unlabeled items are most difficult to identify and are easily misplaced. First and last names (**no initials**) please!!!

CLOTHING
